Thanks to Leapton's quality and flexible terms, we have sold 200MW of solar panels in a short period. In addition, our largest 28MW solar station in Paide will be completed in the fall of 2023. Customer-friendly service is essential for us - we listen ...

List of Anguillan solar panel installers - showing companies in Anguilla that undertake solar panel installation, including rooftop and standalone solar systems.

Anguilla has a high solar potential and set a renewable energy mix target of 30% by 2030. Presently Anguilla's energy mix is comprised of only 4% renewable energy. Its electrical demand peaks at 16MW and its electricity prices are high relative to the rest of the Caribbean.

Leapton Energy produces high-quality solar modules with a 25-year product warranty, a 25-year power guarantee for standard modules, and a 30-year power guarantee for bifacial and N-type modules. Leapton can provide the most suitable modules for each solar system.

This expensive, wildly fluctuating priced power is also extremely unclean with significant carbon emissions. Add to that, the fact that the region receives roughly 35% more sunlight per annum, and it you have the perfect formula for the adoption of solar power.
