

Fenecon commercial New Zealand

What is a fenecon commercial 50?

The FENECON Commercial 50 is aimed at commerce, industry, larger charging parks and also grid operators. With an output of 50 - 250 kW and modularly expandable capacity of 70 - 1,400 kWh, it offers a wide range of applications as an indoor or outdoor variant.

What is fenecon's 'home' & 'commercial' product series?

With its 'Home' product series, the manufacturer FENECON offers an intelligent home storage solution. With the large-scale storage systems 'Commercial', FENECON offers reliable electricity storage solutions for industry, commerce or energy suppliers.

What does fenecon do?

At FENECON, we pursue the clear vision of the 100% energy transition. We design our electricity storage and energy management solutions to be future-proof so that a complete supply of renewable energy for electricity, heat and mobility is possible.

How much power does a fenecon commercial 30 have?

The FENECON Commercial 30 offers power from 30 - 90 kW and is modularly expandable from 32 - 357 kWh capacity. The lithium iron phosphate battery modules can be retrofitted modularly to increase power and capacity. The long-life systems are emergency power capable when the optional mains disconnection point is installed.

What is fenecon energy storage?

The FENECON electricity storage systems use the OpenEMS-based smart energy management system FEMS to enable grid-serving charging and discharging up to intelligent sector coupling of electricity, mobility and heat. At FENECON, we pursue the clear vision of the 100% energy transition.

Why should you choose fenecon?

With the large-scale storage systems 'Commercial', FENECON offers reliable electricity storage solutions for industry, commerce or energy suppliers. Is ideal for private homes and small businesses with their own PV system and a few e-car charging points. It is 3-phase emergency power capable with solar recharging and skew-load capable.

FENECON Commercial 92 is a fully modular electricity storage system - the basis for a sustainable, eco-friendly energy system. The scalable power storage solution grows with your energy needs.

The FENECON Commercial 50 is aimed at commerce, industry, larger charging parks and also grid operators.

Fenecon commercial New Zealand

With an output of 50 - 250 kW and modularly expandable capacity of 70 - 1,400 kWh, it offers a wide range of applications as an indoor or outdoor variant.

Commercial. Der effiziente Gewerbespeicher. Key Facts: . Leistung: bis zu 92 kW. . Kapazität: 84 bis 210 kWh . Benefits: . Eigenverbrauchsoptimierung 2.0. mit KI-optimierter Nutzung ...

Der neue Gewerbespeicher von FENECON: Der Commercial 92. Mit 92 kW Entladeleistung ist er bestens für den gewerblich/industriellen Bereich geeignet. Der Commercial 92 bietet 210 kWh ...

FENECON Commercial 92 is a fully modular electricity storage system - the basis for a sustainable, eco-friendly energy system. The scalable power storage solution grows with your ...

Commercial. The efficient commercial battery energy storage system. Key Facts: . Power: up to 92 kW. . Capacity: 84 up to 210 kWh . Benefits: . Self-consumption optimization 2.0

If you want to drive the Energy Journey with FENECON, rely on one of our Country Partners: BENNEX, Sellpower, ELINTA and NOE Energy Solutions, with experienced contact persons, provide all necessary information on our battery energy storage systems with the intelligent energy management ...

Der neue FENECON Commercial bietet 84 bis 210 kWh nutzbare Kapazität und bis zu 92 kW Leistung. Praktisch sind die besonders einfache Installation und die Konzeption als All-In-One System: Es umfasst eine kompakte Hochvoltbatterie, einen effizienten Batteriewechselrichter (KACO blueplanet gridsave 92.0 TL3-S) sowie das smarte Energiemanagement ...

FENECON Commercial 50. Commercial battery energy storage system. for indoor & outdoor applications. Battery energy storage systems for the 100% energy transition. Complete integrated system. . AC power output: from 50 to 250 kW . . Capacity: scalable from 70 up to 1,400 kWh . . For indoor & outdoor applications* . Expandable in capacity and power .

Commercial. The efficient commercial battery energy storage system. Key Facts: . Power: up to 92 kW. . Capacity: 84 up to 210 kWh . Benefits: . Self-consumption optimization 2.0 . with optimized AI-op time-of-use tariffs* . Peak Shaving : avoiding high power prices and grid expansion* . PV-optimized integration of electric vehicle

If you want to drive the Energy Journey with FENECON, rely on one of our Country Partners: BENNEX, Sellpower, ELINTA and NOE Energy
