What is SATEC energy management & power solutions?

Explore Our Energy Management and Power Solutions. SATEC focuses on delivering practical, reliable solutions tailored to your business needs.

Who is SATEC?

SATEC is a developer and manufacturer of specialty solutions [buzzword] for power measurement and power quality monitoring.

Is SATEC a private company?

With headquarters in Jerusalem, Israel and subsidiaries in Union, New Jersey and in PRC, SATEC is a privately owned company. SATEC was first founded in 1987 as a technological business incubator by Prof. Herman Branover.

Where is SATEC now?

Two years after, SATEC was already in its current location in Har Hotzvim, Jerusalem's Hi-tech industrial park. Branover's son, Daniel, and Shlomo Olidort have been jointly managing the company as chief executive officer and managing director, since the company's founding.

How did SATEC get started?

Initial funding came from the mining industry, which had vested interest in developing novel hydrometallurgical solutions [buzzword] for the processing and smelting of gold out of ores of low gold content. Two years after, SATEC was already in its current location in Har Hotzvim, Jerusalem's Hi-tech industrial park.

What services does SATEC offer?

SATEC's U.S. and Israel branches also provide billing as a service, invoicing users and sub-tenants on behalf of commercial property owners and managers.
