In 2020 I wrote a review about the Sun Exchange, the world's first peer-to-peer solar panel micro-leasing platform which powers solar projects primarily in South Africa. Now a very similar model is available in Barbados which allows Barbadians to own solar panels within an operating solar project and thereby earn solar passive income for 25 ...

Solar panels make energy from the sun just like it helps the grass to grow for animals to eat. Designing specifically with farming and agriculture in mind is one of Pavana Energy strengths and we integrate animal husbandry and crop farming with solar and wind technologies.
