Specification: o 50W Solar Panel o 115 Wh, LI-NMC Battery o 3 x Hanging Lights and 1 x motion sensor light (200

His idea: to use technology to provide affordable power to rural areas of Papua New Guinea. Only about 13 per cent of the country has access to reliable grid power and, hoping to tackle the low electrification problem, Ramamurthy developed Sola PayGo, a pay-as-you-go solar power company that targets rural PNG.

This partnership aims to scale-up Sola PayGo's existing business model, providing high-quality solar power units to 2,500 rural and remote households on a pay -as-you-go basis, impacting up to 18,000 people who currently have no access to grid electricity. For households, access to affordable energy leads to improved security and
